-Hong Kong Tax System-

Hong Kong has a low tax rate and a favorable and simple tax system. It includes 3 main types of tax:

- 1 Profit Tax
- 2 Salaries Tax
- 3 Property Tax

With the availability of potential tax savings and government incentives, it is advisable to consult tax experts to guide you through the process of filing your corporate tax return.

Features of Profits Tax

- Only profits arising in or derived from HK are taxable
- Low tax rate and simple calculation method
- No capital gain tax, value added tax or dividend income
- Tax loss can be carried forward and set off against future profits
- No tax on bank saving interest income

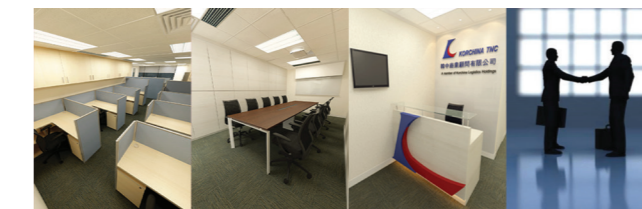

Features of Salaries Tax

- Only income arising in or derived from HK office, employment or pension in subject to salaries tax

Features of Property Tax

- Only Rental income derived from HK properties is subject to the property tax
